

Greg Whyte learnt from an early age that the biggest obstacle in life was people telling him No, you cant. But we all have the ability to achieve what others may tell you is impossible. Dont listen to them. Success is not a chance event. With proper planning, preparation and vision, Professor Whyte has the knowledge and methods that can turn the ordinary into the extraordinary, mortals into elite athletes, to deliver not dream. Using the examples of iconic Comic Relief and Sport Relief challenges achieved by the likes of David Walliams, Eddie Izzard, John Bishop and Davina McCall under his guidance, Greg Whyte shows that anyone can do anything. With expert but simple to understand advice, useful diagrams and structured tasks, he demonstrates how this applies in life, from losing weight to reducing anxiety, in business, through maximising potential and core principles of management, and to sport, whether it be a 10k run or the ultimate endurance challenge. So dont take no for an answer. By making the impossible possible, this book is the blueprint for success in life. [www.achievetheimpossible.co.uk](http://www.achievetheimpossible.co.uk)

The loftiest goal I ever set in the early stages of my professional career was to become a Navy SEAL. Achieving that milestone gave me a new.

Putting your all in one direction is the quickest way to achieve success. .. People achieve the impossible because they look it as their only option, the only . Impossible goals take time, and you won't get there by sitting still, making plans, and dreaming about how awesome it will be once you achieve your goals.

To succeed at or overcome a task that is thought (sometimes hyperbolically) to be outside the realm of possibility. People can achieve the impossible if they work.
