

Psychologist Madeleine LeBlanc is desperate to escape the madness that has followed her family for a century. She's struggling to adjust to her new-found power and to stick to the pact that protects her sanity. But an innocent little boy is being hunted by Madeleine's half brother and her great-grandmother, Chloe, and by the demons they control. The boy is a threat to their bloodline, to their very nature, but Madeleine cannot let his young life be callously destroyed. Thrust into an age-old battle of dark versus light, Madeleine dives deep into the history of her family and into the vast paranormal underworld of New Orleans, a world seemingly controlled by her great-grandmother. The only way to stop Chloe lies past the tangled bridge that could lead to great power or total destruction.
